

## *Live Workshop*

# FETAL INTERVENTIONS

## *Saving the Sapling*

**9:00 – 10:00**

### **SESSION 1 – GROUND WORK**

9:00 – 9:30

Introduction and pre procedure requisites

9:30 – 10:00

Scope of fetal therapy and setting up a unit

**10:00 – 12:00**

### **SESSION 2 – BASIC INTERVENTIONS**

*Live Demonstration*

10:00 – 10:30

Amniocentesis

10:30 – 11:00

Chorionic villus sampling

11:00 – 12:00

Selective fetoreduction (transabdominal and transvaginal)

*Demonstration*

**12:00 – 13:00**

### **ADVANCED FETAL INTERVENTIONS (1st Part)**

Intrauterine transfusion

13:00 – 14:00 || Lunch Break

*Demonstration*

**14:00 – 15:00**

**ADVANCED FETAL INTERVENTIONS (2nd Part)**

Radiofrequency ablation  
Bipolar cord coagulation  
Interstitial laser ablation  
Fetoscopic laser ablation

**15:00 – 16:00**

**SESSION 3 – FETAL THERAPY – THE WAY FORWARD**

15:00 – 15:20

Complicated monochorionic twins

15:20 – 15:40

Fetal blood transfusion – Science behind the skill

15:40 – 16:00

Fetal arrhythmias

16:00 – 17:00

***PANEL DISCUSSION***

Fetal Therapeutic Interventions

*Case based discussions*
